

Advocating, Educating, Mobilizing

We secure policy change at federal, state, and local levels to make ALS a livable disease for everyone, everywhere until we find a cure.

State Affairs Priorities

Increase access to affordable
and non-discriminatory
**insurance coverage, telehealth
services and genetic testing**

Expand **state funding** for ALS
research, clinics and care
services

Increase access to and
affordability of **medications
and equipment**

“

Being an advocate has
helped me take back my
power even as my physical
strength has diminished. It
has truly transformed my
life and my future.

– Jessy Ybarra
